ELIGIBILITY AND INSTRUCTIONS FOR COMPLETING THIS FORM *(Please read)*

- ❖ Equipment must be purchased & connected to Polk-Burnett's grid in 2023. PV solar equipment must be UL listed.
- ❖ A site assessment is strongly recommended by a site assessor certified by the Midwest Renewable Energy Association (MREA). Visit <https://www.midwestrenew.org/endorsements/> for a list of certified site assessors. Under section: Transitioning the MREA Site Assessment Certificate Program: Line #1 – hyperlink list of MREA PV Site Assessment Certificate holders.
- ❖ System needs to be inspected by a commercial electrical inspector prior to Polk-Burnett coming out to install the NET meter.
- ❖ Rebate for solar projects are capped at \$750 per account.
- ❖ Rebates are in place through December 31, 2023, or until funds are depleted.
- ❖ Program subject to change or cancellation without prior notification.
- ❖ It is the member's responsibility to make sure all detailed documents required for the rebate are submitted prior to the end of the year.
- ❖ If your contractor is submitting the rebate information, please check with them to make sure the rebate is submitted prior to the deadline.
- ❖ When you receive your invoice for testing from Polk-Burnett it is your responsibility to pass that onto your contractor if that is part of your contract.
- ❖ Rebate will be issued as a check **6-10 weeks after approval** and after all invoices from Polk-Burnett related to the solar installation are paid.
- ❖ Submit a copy of the rebate form and a copy of your detailed invoice **within 3 months after grid connection or January 1, 2024, whichever comes first**. However, members are encouraged to submit as soon as possible to ensure rebate:
 - ✓ This completed rebate form
 - ✓ A copy of your dated, detailed receipt or invoice. **Must be an actual invoice which includes the size of the system, the brand name & model number of the panels, and the cost of the project.** (*proposals and contracts will not be accepted for rebate submission*)
