THE UNDERSIGNED APPLICANT HEREBY APPLIES FOR MEMBERSHIP IN AND ELECTRIC SERVICE FROM THE COOPERATIVE. THIS APPLICATION AND THE RECEIPT OF ELECTRIC SERVICE CREATES A LEGALLY BINDING CONTRACT BETWEEN THE APPLICANT AND THE COOPERATIVE FOR THE PURCHASE OF ELECTRIC ENERGY AND BINDS THE APPLICANT TO THE TERMS AND CONDITIONS OF MEMBERSHIP AND THE RECEIPT OF ELECTRIC ENERGY AS THOSE MAY BE REVISED OR AMENDED HEREAFTER.

Agreements and Consent: Signing this application and receiving electric service creates a legally binding contract between the Applicant and the Cooperative, and the Applicant agrees and consents to comply with and be bound by the Cooperative's Articles of Incorporation, Bylaws, Policies, Rates, Rules and Regulations of the Cooperative as may be adopted from time to time by the board of directors.

New Service: Any newly installed service must be energized within 90 days upon completion of work by Polk-Burnett. In the event a new service is not energized, it will be considered an "idle service," and a non-refundable annual fee will be charged to retain the facilities for future use. A service energized and later disconnected also will be charged an annual fee.

Wiring: By or before the time service becomes available, the Applicant will cause his premises to be wired in accordance with wiring specifications which meet all Polk-Burnett, local, state and national code requirements. (See *New Service Handbook* for more information.)

Operation Round-Up: I agree to join Operation Round-Up® and thereby have my electric bill rounded up to the next highest dollar each month with the extra change going to local, worthy causes. I understand that the cost of participation averages \$6 per year and will never exceed 99 cents per month. I further understand that I can revoke my decision to participate in Operation Round-Up at any time by notifying Polk-Burnett of such decision. (See *polkburnett.com* for more information about Operation Round-Up, where spare change is changing lives.).

Off-Peak Service: Members installing Off-Peak understand this service is at reduced rates and subject to periodic power interruptions. Member agrees to supply a backup heat source capable of maintaining temperatures at a level to prevent freezing during the interrupted power periods. The Cooperative retains the right to inspect, with reasonable prior notice, Off-Peak equipment. Tampering with equipment, or unauthorized use of the service will result in: (1) full rate charge applied for the preceding 12 months, (2) termination of Off-Peak service rate and (3) removal of all load management equipment.

Security Interest in Capital Credits: According to bylaw, the member hereby grants the Cooperative a continuing lien and security interest in the member's allocated and credited patronage capital against any indebtedness due and owing from the member to the Cooperative; and, such indebtedness shall not be extinguished in bankruptcy or by time; but shall be set off against any capital allocated and credited to the member in any retirement thereof made to the member, member's estate or heirs. At its sole discretion, the cooperative may at any time perfect its security interest by filing a financing statement, as provided by law.

Collections: Member is responsible for collection costs, including legal expenses.
